

Thought of the week

"Democracy doesn't work if we constantly demonize each other.. for progress to happen, we have to listen to each other, see ourselves in each other, fight for our principles but also fight to find common ground, no matter how elusive that may seem."

Barack Obama

# Wellbeing Message

As some of you prepare to come back into school it might raise several issues.

- Talk about how you are feeling.
- Be prepared. Find out all the information that you will need about the new routines at school.
- Remind yourself that the school are putting in measures to keep you safe.
- Re-establish a routine to help you ease back into school life.
- Think ahead. Identify the things you are looking forward to.
- Ask for help if you need it.

# FROM YOUR YEAR LEADERS

### Year 7

I hope that you are all keeping safe and well. Everyone should be logging on to office 365 everyday Monday to Friday and checking all your Teams for assignments and announcements.

Remember to stay positive and stick to your routine as that will benefit your mental health and productivity!

#### Year 8

With four weeks to go until the end of term, it is important to remember that education is vital, to ensure that we make progress in our lives and allow us to be happy satisfied individuals. Like you, I have been completing an online course in recent weeks, studying a British Empire module at university. Continue learning Year 8, you'll notice the difference.

## Year 9

Dear Year 9, I hope you and your dear ones are keeping well. Please remember to check in daily on Teams, complete the work set online, engage in the assemblies or quizzes posted and make the most of your free time to go over work you might have struggled with. With four weeks to go, make sure you keep running towards the finish line and not give up so close to the end! And most importantly, look after yourself!

## Year 10

I hope you and your family are keeping safe & well. As you are getting ready for your Y10 exams, please distribute your energy wisely. Use recommended resources and apply revision techniques that work for you. "They always say time changes things, but you actually have to change them yourself" - Andy Warhol

#### Year 1

Dear Year 11, hope you are keeping well. "Education is the passport to the future, for tomorrow belongs to those who prepare for it today" Malcolm X

# Sixth Form

Dear All I hope you are all well. It has been great to see so many of you this week in school finally for Y12s and we look forward to meeting more of you over the coming weeks. Y12 you should be well on the way with your personal statement draft for UCAS and should ask tutors for help if needed. All of you, as young adults could spend time researching the Black Lives Matter movement to inform yourselves further.
